The sun will rise a thousand times  
It burns my eyes  
It makes me cry

And in my mind my thoughts unwind  
On and on and on  
I loved you, I hate you, goodbye

One more moon to fall into  
I'm black and blue  
And in this room I create my rules  
Over and over again  
I loved you, I hate you

Everybody's unaware  
Tonight I'm taking down all the walls but I'm not scared  
I'm coming home (I'm coming home)  
I'm coming home (I'm coming home)

They'll see a sad, sad story of angels and glory  
And here lies before me a hopeless ghost  
I want you to know as I leave this note  
That I'll miss you the most  
And I love you and hate you

Everybody's unaware  
Tonight I'm taking down all the walls but I'm not scared  
I'm coming home (I'm coming home)  
I'm coming home (I'm coming home)  
I'm coming home  
I loved you and I hate you, goodbye

My heart is all you... ?  
The ignorance, you'll live with it  
I'm dancing in oblivion  
I've always known that I belong  
Hello Darkness, I am home

Everybody's unaware  
Tonight I'm taking down all the walls but I'm not scared  
I'm coming home (I'm coming home)

I'm coming home (I'm coming home)  
I'm coming home (I'm coming home)  
I'm coming home...

The sun will rise a thousand times
