One step forward,
Two steps back
I know, I know it's a bad cliché
But suffice to say
That it's exactly where I'm at

(1,2,3,4)

I just can't take this anymore
The same knuckles knocking at my chamber door
The same faces that I've always seen before

Is it selfish of me
To just want to be alone?
I don't think so

Who we are
It's not who we
It's not who we really are
It's just a game we play
It's sad to say we still don't know who

Who we are
We don't know who
We don't know who we are
It's just a game we play
Oh It's sad to say we still don't know who

We are

1,2,3,4

Can't, can't, can't count on me anymore
Tired of waking up to this charade
Tired of waving my baton
In front of the last parade

(1,2,3,4)

I just can't take this anymore
The same knuckles knocking at my chamber door
The same faces that I've always seen before

Is it selfish of me
To just want to be alone?
I don't think so

Who we are
It's not who we
It's not who we really are
It's just a game we play
It's sad to say we still don't know who

Who we are
We don't know who
We don't know who we are
It's just a game we play
Oh It's sad to say we still don't know who

We are

I know that you've got
Your bridges to burn
But I've got mine too
So please wait your turn
I dug out the matches
?
This isn't ?
It's just well rehearsed

Who we are
It's not who we
It's not who we really are
It's just a game we play
It's sad to say we still don't know who

Who we are
We don't know who
We don't know who we are
It's just a game we play
We do it everyday and we still don't know who
