Dulla lulla lulla
Dulla lulla lulla lu
Dulla lulla lulla lu
Dulla lulla lu

Sleep child, sleep
Soon the child will sleep
Dulla lulla...

The herd heads west
Beneath the northern lights
The moon in the sky keeps watch
Over our sleds

The herd heads west
A yoik surges forth
Under the stars, a small calf
Is silently listening

A small child's dream
Is whiter than the snow
The wind on the tundra
Starts singing for you
