in a round centered table  
they sit and judge your life  
deciding when to hit you next  
no remorse just fire in their eyes  
agreements and false words  
promises, more lies  
when revenge's the only thing  
they seek  
won't rest until you die  
til you die, til you die

[Chorus]  
no negotiations,  
just retaliation  
i'm a victim of your political loss  
your false accusations  
no communication,  
just retaliation  
i'm a victm of your political loss  
your false accusations

hide behind their children  
for propaganda and show  
shouldn't their children be  
at school  
or be safe at home  
violate your daily life with  
fear you have within  
that just oneday you'll be the one  
a victim of their sin  
their sin, their sin

[Chorus]

from the outside  
you can't see what's real  
the darkness has come  
her life now has been changed  
from the outside you  
you can't see what's real  
the truth lies behind a girl  
who's parents have been killed

parents have been killed [x2]
