Tender kisses wake me, I slowly turn my head  
I reach across the covers to a cold and empty bed  
(But you're not there)  
I could swear I felt your body touching me  
Could you love me like you love me in my dreams?

Stop for coffee and a sandwich in the middle of the  
day  
I catch your glance across the room  
And I quickly turn away (and did you see?)  
Is the love I'm feeling written all over me?  
And could you love me like you love me in my dreams?

Could you love me like you love me  
When the nighttime overcomes me  
And we're lost inside a lover's fantasy  
And you're lying next to me  
If I ever told you, would I find you there to hold to  
In the morning when the sunlight sets you free?  
And could you love me like you love me in my dreams?

Evening comes at home, alone, at a table set for one  
Though you'll soon be joining me  
When total darkness comes (you'll be with me)  
Hand in hand, we will pursue the fantasy  
And could you love me like you love me in my dreams?

Could you love me like you love me  
When the nighttime overcomes me  
And we're lost inside a lover's fantasy  
And you're lying next to me  
If I ever told you, would I find you there to hold to  
In the morning when the sunlight sets you free?  
And could you love me like you love me in my dreams?

And if I told you how I feel about you  
If the secrets were revealed  
Would I still have to wake from sleep without you?  
Would you return the love I feel?

Tender kisses wake me, or at least that's how it seems  
Could you love me like you love me in my dreams?
