LEIGH AND FULL COMPANY

FREAKS

Tell me what you fear
I'll show you what to do
We don't do sincere
Everything taboo
Tell me what you fear
I'll show you what to do
We don't do sincere
Everything taboo

LEIGH

Welcome to the world of Taboo...
the club that everybody wants to be a part of...
Come in... and come out... now
You got it wrong, you got it right
You got a lot to learn
Oh you're so nervous and so uptight
I think I like it
Ooh, I think I love it...

ENSEMBLE

Dancing freaks and sycophants
Westwood heels and shoulder pads
Strike a pose and get it right
You'll be queen tonight
Tonight
Tell me what you fear
I'll show you what to do
We don't do sincere
Everything taboo
Tell me what you fear
I'll show you what to do
We don't do sincere
Everything taboo

LEIGH

You got it wrong, you got it right
You got a lot to learn
Oh you're so nervous and so uptight
I think I like it

Ooh, I think I love it...

ENSEMBLE

Dancing freaks and sycophants
Westwood heels and shoulder pads
Strike a pose and get it right You'll be queen tonight
Tonight, tonight...
Tell me what you fear
I'll show you what to do
We don't do sincere
Everything taboo
Tell me what you fear
I'll show you what to do
We don't do sincere
Everything taboo
Tell me what you fear
I'll show you what to do
We don't do sincere
Everything taboo
Tell me what you fear
I'll show you what to do
We don't do sincere
Everything taboo
Everything, everything Taboo...

LEIGH AND ENSEMBLE

Two fierce drag queens go round the outside
Round the outside, round the outside
Two fierce drag queens go round the outside
And in stilettos.
Two fierce drag queens go round the outside
Round the outside, round the outside
Two fierce drag queens go round the outside
And in stilettos.
Tell me what you fear
I'll show you what to do
We don't do sincere
Everything taboo
Tell me what you fear
I'll show you what to do
We don't do sincere
Everything taboo
