BILLY

There was a time when I believed  
That you had power over me  
I woke up and the fear was gone  
I found the strength to carry on  
You twisted my reality and all my possibilities  
Now look at you all broke in two  
And I'll be moving on  
My life out of your hands  
Don't need a reason why  
Don't have to understand  
'Cause it's sweet goodbye  
I see through you  
And all the tears I cried  
I see through you  
No, you're not God on high  
So goodbye  
There was a time when I believed  
That you could change the world for me  
I woke up and the pain was gone  
I found the strength to carry on  
You twisted my reality and all my possibilities

Now look at you all broke in two  
And I'll be moving on  
My life out of your hands  
Don't need a reason why  
Don't have to understand  
'Cause it's sweet goodbye  
I see through you  
And all the tears I cried  
I see through you  
No, you're not God on high  
I see through you  
I see through you  
Smoked you like a cigarette  
I'll get you out for good  
I never thought I could  
I see through you  
I see through you  
I see through you...
