JOSIE

I got away from him  
I never thought I could  
Sweet independence tastes so damn good  
He said I was useless  
Just a waste of space  
I believed it  
I lived it  
I wore it on my face  
Now look at me  
The dark clouds are gone  
I got my pride back And I'm moving on  
Independent woman  
A casualty of love  
I'm wounded and I know it  
But I'm strong enough  
Independent woman  
Now I really see  
For the first time in my life

I'm really me

JOSIE, KIM, PHILIP

Independent woman  
A casualty of love  
I'm wounded and I know it  
But I'm strong enough  
Independent woman  
Now I really see  
For the first time in my life  
I'm really me.  
Independent woman, independent  
For the first time in my life  
I'm really me, me, me  
I'm really me
