PHILIP SALLON

Hate the way you look at me
Like you can tell so much about my life
My life
Assassinate so carelessly
So assured how sweet you twist the knife
Don't you know I'm just a lot like you
I need all the Godly things that you do
When you're alone, at night, do you run and hide?
Are you strong, inside, are you full of pride?
Or just petrified
Hate the way you look at me
But I can see the terror in your eyes
Your eyes
You pull the trigger
Your smile is sweet
But I don't care if we never meet
That's fine
It's alright

Don't you know I'm just a lot like you
I need all the Godly things that you do
When you're alone, at night, do you run and hide?
Are you strong, inside, are you full of pride?
Or just petrified
When you're alone, at night, do you run and hide?
Are you strong, inside, are you full of pride?
Or just petrified
Take a look at your life
Take a look in my eyes
Take a look at your life
Take a look in my eyes
Take a look at your life
Are you petrified...
