We break down I'm gonna break it up again Me and my guitar, drowning down,down,down Ready when the pain kicks in Tell me when the pain kicks in

Oh I can't get away Oh I can't get away Oh I can't get away No I can't get away

Had a rally with you That's one thing I wont do No shadow fuse from the corner of my home Ready when the pain kicks in Tell me when the pain kicks in

Oh I can't get away Oh I can't get away Oh I can't get away Well I can't get away

Someone says get out more, i need you

I want you I get get this feeling off my mind I want you I need you

I can't get away I can't get away I can't get away No I can't get away

Someone says get out more, i need you I want you I get get this feeling off my mind I want you I need you

Someone says get out more,i need you I want you I get get this feeling off my mind I want you I need you
