tender twilight

a little like July

drifting idly by

grey clouds smear the sky

there is rain inside of my lullaby

telling me not to cry

breathing farewell's sigh

kissing me good-bye

the raindrops falling from on-high

as the grief streams from my eyes

the tears they crystalize
why can't I

leave it all behind

it's forever on my mind

will this be the last time?
darker, dire

is it despair or desire

taking all that is mine

love is in disguise

hiding in your smile

if only you or I...

is there nothing left to try?

is their never knowing why?

I am terrified

raindrops falling from on-high

there is rain inside of my lullaby

kissing me good-bye
why can't I

leave it all behind?

it's forever on my mind

will this be the last time?
