will you be

my misery?

heart in heart

hand in hand

black on black
promise me

that you will be

hope on hope

hurt on hurt

grief on grief
swear to me

my dear and sweet

Marian

Lorelei

Angeline
how the stars they hum

and multiply, mystify

sad and long their hymn

and you and I

we are weary and wondering

chasing their song across the sky

their lullaby
make believe

you are here with me

day and night

bruised and torn

broken down
