anguish is near  
so close with me here  
and I have nowhere to run  
and nowhere to hide  
so just let me lie  
here by your side  
but before I sleep  
before I escape  
please heed my demand  
and just hold my hand  
just for awhile  
I hope you dont mind  
but I have nowhere to go  
and I cant decide  
so paint me a smile  
as I close my eyes  
but before I sleep  
take leave of my grief  
so just one last time  
I will take what is mine  
with my so-called scars  
and their so-called hearts  
with eyes staring blankly

and feeling far away

just long enough

to keep the wolves at bay
