Never listened to the pain
Never listened to fortune or fame
Never listened to eagle or dove
Never listened to anger or love
But I listen to the dark clouds above

Never answered to the call
Never answered to nothing at all
Never answered when times got rough
Never answered to anger or love
But I answer to the dark clouds above

Never waited for dollar or dime
Never waited for signal or sign
Never waited when they screamed enough
Never waited for anger or love
But I'm waiting for the dark clouds above

Yes, I'm waiting for the dark clouds above
Right here waiting for the dark clouds above
