I
Come back and .to jump .on
through you
No excuses round and round, here we go.

.waits me a bitter .answer
in the room
You .through you
through you
No excuses round and round, here we go.

Yeah I know it's too slow

My, my waits me up every night
.
.
Come back, lost a bit but I'm catching .
Uhh, imagine a .round, round and round, round,
round.
And right, right through you,
Round, round and round and here we go.

Take me to the river
Than wash my hand
.I'm gonna dreamin'
kill me .then take my soul
.
kill me .then take my soul
.
And I fly, yeah yeah, yeah yeah, yeah yeah,

Well I should .
