"Heart And Hope To Die"

Visit "[Heart And Hope To Die](#)" on MotoLyrics.com

Stand your ground

... oil on... oil... down

... on the field

Know what is working

Know what it takes to

Show me how your daddy and your momma made you

(repeat)

Heart and hope to die (repeat)

I'm not going to cry this time

For your love

For your love

Stand your ground

Ante up

Are you backing down

No regret

Know what is working

Know what is working

Know what it takes to

Show me how your daddy and your momma made you

(repeat)

Heart and hope to die (repeat)

Heart and hope to die

Heart and hope to die

I'm not going to cry this time

For your love

Heart and hope to die

Heart and hope to die

I'm not going to cry this time

For your love

For your love
