Only the end will tell  
What's hidden behind my eternal shadows  
We can only die once  
And to live the tears of a nightmare  
As I verify tears in the rain  
They shall pay

Through the wombs of the Godz I realized  
I shall crackelize my fears through the eternal sky  
And lay my inmortal sin to embrace  
My solitude for ever

I ablaze my lie through eternal autumn fire  
And erase my breath in universic denial  
And to feel and die once again

When I feel the stillness in the rain  
Is when you are whispering in my soul in vain  
As I dig in the remains of an oceanic treasure  
I watch the solarwaves above slowly die

Invisible world of Light and petrified Darkness  
No light in the eye of that rotten heart  
When my hands are stained with tears and blood  
I let the stillness in the falling tears bleed  
Wash away the pain and insanity  
Through endless desert lands of fear

When my mind is a desert  
I can walk miles to find the place in my mind  
Every misterian mirage I've walked  
Telling me an abstrakt vertical truth

There will never be another desert Dawn  
When the seagulls flying crying I saw

Dream and I'll make you real  
Or see through the eyes of a buried tear  
Feel all my fears falling near  
With the rain through broken skies

Is there any truth at all  
When I see my shadow witness  
The dead endless fall

There will never be another desert Dawn  
When the seagulls flying crying I saw  
If the Moonlight no more enlightns my sandic wall
