[Wiz Khalifa]

Yo, this ya man Wiz Khalifa, yo La Leakers, where the f-ck did y'all find this one?

I had that one zipped up with the good shit

[Verse 1 - Kendrick Lamar]

Everyday I try to escape the realities of this world

So I tell a disc jockey "press play" while I press up on a girl

In a mist that I smoke in the air

The reflection of lights that glare

She'll be out of control like a hydroplane in plain sight I might have to stare

And that's power steering, a power trip will see my appearance

Pile of hundreds all on a prowl like vampires in the darkest dungeon

Speakers bumpin', drinks is pouring

We in the house, we paid the mortgage, tyrannosaurus

That's real big, pop my color, pop that lid

[Chorus]

Flashin' lights, model types, vixen show me much love

Put the bottles on that ice, drink like we supposed to

Fire burning, ears is turning, all I see is energy

So eventually we'll do this till the sun come up (the sun)

We'll do this till the sun come up (the sun)

Smoke like this till the sun come up (the sun)

We'll do this till the moon is dropping day break

watching

Then do it again

[Verse 2 - Wiz Khalifa]

Some people stay home and sleep, me I go out at night

All seven days of the week, I live the party life

I got my dogs with me, you can bring some of your friends

We going hard till the sun come up and do it again

I got a drink in my hand they playing my favourite song

This girl that's dancing on me aint' got no panties on

And she gonna come back to my hotel, don't tell

Anyone about us, I'm here to party all night

[Chorus]

Flashin' lights, model types, vixen show me much love
Put the bottles on that ice, drink like we supposed to
Fire burning, ears is turning, all I see is energy
So eventually we'll do this till the sun come up (the sun)
We'll do this till the sun come up (the sun)
Smoke like this till the sun come up (the sun)
We'll do this till the moon is dropping day break
watching
Then do it again

[Bridge - Wiz Khalifa]

Come to my section (my section)
And down some of this liquor
Then tell me what it hit for
Gon be some things I don't remember
So take some camera phone pictures

[Brdige - Kendrick Lamar]

Come to my section (my section)
And down some of this liquor
Then tell me what it hit for
Gon be some things I don't remember
So take some camera phone pictures

[Chorus]

Flashin' lights, model types, vixen show me much love
Put the bottles on that ice, drink like we supposed to
Fire burning, ears is turning, all I see is energy
So eventually we'll do this till the sun come up (the sun)
We'll do this till the sun come up (the sun)
Smoke like this till the sun come up (the sun)
We'll do this till the moon is dropping day break
watching
Then do it again
