Chorus:

Have you ever heard of love at the first sight?

Maybe I drank too much Patron at night?

But I believe in love, love,

I believe in love, love, love

I believe in love, love, love

At first sight!

Oh, yeah, yeah!

Uhu na, na, na, na, na, na

Uhu na, na, na, na, na, na

Uhu na, na, na, na, na, na

Uhu na, na, na, na, na, na

Uhu na, na, na, na, na, na

Step in the spot, caught my eye in an instance

Baby girl, back acting like she ain't tripping

Went to the bar, .. what she sipping

Think I'm trying to .. she ain't even listening

Got a little thing, but baby I'm a gentleman

Don't mean to be rude, can't help but stare at you

Really I'm a different kind of dude

Thinking you and I was thinking if was cool with you!

We can go, go, go to the floor

Anyway you wanna go!

Go, go, and that's alright, baby!

You and me together, you can be my lady!

Seems like love at first sight, baby

I know that you can feel it,

Put your hands up in the air cause love is in the air, let's go!

Chorus:

Have you ever heard of love at the first sight?

Maybe I drank too much Patron at night?

But I believe in love, love,

I believe in love, love, love

I believe in love, love, love

At first sight!

Oh, yeah, yeah!

Now stop and keep the bottles pouring

Kinda faded, but I'm feeling that she got me opened  
All alone in the club, in the back posted  
Couple of shots to the.. now she all know me  
And that's all right, baby  
Feels like love at first sight, maybe  
I know that you can feel it,  
Put your hands up in the air cause love is in the air, let's  
go!

Chorus:  
Have you ever heard of love at the first sight?  
Maybe I drank too much Patron at night?  
But I believe in love, love,  
I believe in love, love, love  
I believe in love, love, love  
At first sight!  
Oh, yeah, yeah!

For the first time I saw your face  
Girl, I knew I had to have you!  
And you can have a piece of my love, (piece of my  
love)  
Piece of my love, (piece of your love)  
I know that you can feel it,  
Put your hands up in the air cause love is in the air, let's  
go!

Chorus:  
Have you ever heard of love at the first sight?  
Maybe I drank too much Patron at night?  
But I believe in love, love,  
I believe in love, love, love  
I believe in love, love, love  
At first sight!  
Oh, yeah, yeah!
