chorus:

play that slow groove softly,
it's just one of those nights when i don't wanna party,
i just wanna kick back with my girl and parley
baby, we ain't gotta go nowhere, nowhere!
we don't have to go, no!
we ain't gotta go, no!
it's alright! oh right!
cause beautiful, tonight can we pop up the bottle i got
nice! i wanna sip a little something, too!

i wanna hang out with my boo,
tell me what is wrong with that!
hey dog! i'm tired of niggers!
i wanna layup with my baby girl
and give her some of this
and yeah, you can
that's just the way i want it,
i wouldn't trade it for nothing else!
damn, girl you're something else!
gotta do all for you, follow you,
pick at party you,
your momma and your dad gotta be proud of you!

chorus:

play that slow groove softly,
it's just one of those nights when i don't wanna party,
i just wanna kick back with my girl and parley
baby, we ain't gotta go nowhere, nowhere!
we don't have to go, no!
we ain't gotta go, no!

don't even trip, i've got some new weapon
of the we can watch it eating popcorn on the floor!
old school style, said i wouldn't get it, but i did it!
now we're loving each other now, and kissing,
and now we're hugging each other now,
two plus two equals four!
and ve plus makes a happy fellow.
i don't mind sending time with your presence,
to hang out with the crew would be senseless.

dim the light and light out some essence,
and come out â€¦victoria secrets.
everyone has a weakness and sweetness.
you are my weakness!
gotta do all for you, follow you,
pick at party you, â€¦
your momma and your dad gotta be proud of you!

chorus:
play that slow groove softly,
it's just one of those nights when i don't wanna party,
i just wanna kick back with my girl and parley
baby, we ain't gotta go nowhere, nowhere!
we don't have to go, no!
we ain't gotta go, no!

that's what i got with youâ€¦
just a look at you and talk to you an â€¦on you, slow!
you're unbelievably soft!
and likeâ€¦. see it, your satiable, adorable,
â€¦you're far from stuck up,
never hesitate to show that.
we got our names on the door mat, â€¦
let's take a flip and baby grab the kodak!
jump in the hot tub, and i'll rub your back!
when you get out, i'll put baby powder on yourâ€¦
i'm there for you in many ways,
and i know you know how much i care for you!
i'm glad you really cutting from me,
cause you know, you really ain't that for me!
but i gotta do all for you, follow you, be your boy
i know our momma and your dad gotta be proud of
you!

chorus:
play that slow groove softly,
it's just one of those nights when i don't wanna party,
i just wanna kick back with my girl and parley
baby, we ain't gotta go nowhere, nowhere!
we don't have to go, no!
we ain't gotta go, no!
