Sitting by a foggy window  
Staring at the pouring rain  
Falling down like lonely teardrops  
Memories of love in vain

These cloudy days  
Make you wanna cry  
It breaks your heart when someone leaves  
And you don't know why

I can see that you've been hurtin'  
Baby I've been lonely too  
I've been out here lost and searching  
Looking for a girl like you

Now I believe  
The sun is gonna shine  
Don't you be afraid to love again  
Put your hand in mine

Baby, I would never make you cry  
I would never make you blue  
I would never let you down  
I would never be untrue

I know a place where we can go  
Where true love always stays  
There's no more stormy nights  
No more cloudy days

I believe in second chances  
I believe in angels, too  
I believe in new romances  
Baby, I believe in you

These cloudy days  
Are coming to an end  
And you don't have to be afraid  
To fall in love again

Baby, I would never make you cry  
I would never make you blue

I would never turn away  
I would never be untrue

I know a place where we can go  
Where true love always stays  
There's no more stormy nights  
No more cloudy days
