Raven hair and ruby lips, Sparks fly from her finger tips,

Echoed voices in the night, She's a restless sprit on an endless flight

Woo-hoo witchy woman, see how high she flies

Woo-hoo witchy woman, she got the moon in her eyes

She held me spellbound in the night. Dancing shadows and firelight

Crazy laughter in another room,

You know she drove herself to madness with a silver spoon.

Ah

I know you want to love her, but let me tell you brother,

She's been sleepin in the devil's bed.

There's some rumors goin round. Someone's underground,

She can rock you in the night until your skin turns red
