i don't know how i ended up
in some kind of metropolitan love
but you stood in my doorway
you stood in the rain
sometimes i feel like i'm losing the game

but i'm buying low
i'm not selling this, they'll inherit this
when we go
i'm buying low
i'm not regretting this
or forgetting this at all

we sit in the resturant
but we don't eat
and we wait for a taxi
and we stare at our feet
sometimes i feel like i can't take the heat
sometimes i feel like i'll be gone in a week

but i'm buying low
i'm not selling this, they'll inherit this
when we go
i'm buying low
i'm not regretting this
or forgetting this at all

so let them say we're overrated
let them say we're devastating
let them say we're only doing ourselves harm
honestly i think it only adds to our charm...

but i'm buying low
i'm not selling this, they'll inherit this
when we go
i'm buying low
i'm not regretting this
or forgetting this at all

i'm not regretting this
or forgetting this at all
