Ahhhhh...

Wjbs, on your radio dial

With the morning of the fox, that rocks the box

Expect sunshine today!

For yesterday's rain has faded far away

Now we seek a brand new day, a brand new way

Learn my brothers and sisters, learn

[mike g]

Nighttime fades away, on to the next day

The weatherman predicts a clear sunny saturday

Relax laid back and feelin the cool breeze

Positive vibes in sauce and the melodies

Gather my leaves and all my minerals

Fix myself a bowl of vegetables

Ice cold water and chopped up fruits

Gonna be a long day so I throw on my boots

Stretch out my hut and beyond the sun rises

Clouds gather round and suddenly hides it

Doubled back cause it started pourin

Children scared of the thunder roarin

Given the light but now there's darkness

Started with intelligence, now there's ignorance

Negative vibes now I don't feel right

I want my sunshine, I want my sunlight

Same old story, over and over

Somebody tryin to take knowledge over

So I fight back with a native dance

Sing my song and chant my chants

Rain, rain, go away

Please come back another day

The sun will shine and now the sky is gray

Please rain, go way

{lah lahhhhhhh-lah.. lah-lahhhh..}

{lah lahhhhhhh-lah.. lah-lahhhh..}

{lah..}

[afrika]

The pavement sweats as a hot day sets in

I need to cool off so I find me a hydrant

Pull out my wrench and turn on a happy face

See some buckets I think there'll be a chase
Water splashin, children laughin
Hopin the feelin, will keep on lastin
A shot rings out and a young girl hits the ground
Someone wasn't in the mood for playin around
The mother cries as she sees her young one
^--> {lah lahthhhhhh-lah.. lah-lahthhh..}
Victim of a fool while playin in the hot sun
Kangaroos came and cleared out the area
^--> {lah lahthhhhhh-lah.. lah-lahthhh..}
Covered her up so the sun won't beat her {lah..}
The sun still shines but the day now feels gray

Oh mr. rain would you please please go away?
The sun still shines but the day now feels gray
Oh mr. rain would you please please go away?

Ah-uhh, ahh uhh, uh ah-ah-ahh-uh (sunshine)
Ahh-uh-uhh, uh-uh, uh-ahh-uh (sunshine)
Ahh-uh-uhh, uh-uh, ahh-uh-uh (sunshine)
Ahh-uh-uh, uh-ahthhhhh.. (sunshine)

Rain, rain, go away
Please come back another day
The sun will shine and now the sky is gray
Please rain, go way
{lah lahthhhhhh-lah.. lah-lahthhh..}
{lah lahthhhhhh-lah.. lah-lahthhh..}
{lah lahthhhhhh-lah.. lah-lahthhh..}
{lah lahthhhhhh-lah.. lah-lahthhh..}
{lah..}

Wjbs and in the studio right now the jungle brothers
How you doin my friends? {*various chatter*}
Before we go on, say a few words to the people

[mike g]
Yeah I'd like to say I'd like to say somethin serious
Real serious
The sun shinin, the guidin light
The fire that we all attempt to fight
The only thing is you can't put it out
You blow and blow but that makes it grow
Bright around and it was made for me
A gift from God that he gave to me
You eat it and chew it, and then you swallow it
And wisdom is what you get from it
Try to stop me from gettin mine
And you can kiss me where the sun don't shine
Yeah, there's room out there for those who want some
Cause "everybody's got a little light, under the sun,

Under the sun, under the sun, under the sun.."

[afrika]

Knowledge stands upright, fear has no height
Work towards the star that gives off the brightest light
Jbeez movin in a bright direction
Free of injury or evil infection
Stay out the dark and you'll find that you'll be strong
Believe in yourself and nothin will go wrong
There's room out there for those who want some
Because everybody's got a little light, under the sun
Hahahaha haha hahh!
