Laser licks the lighting love  
And a phaser flicks in a phaser flood  
And you see my love - starting to see love  
How can you be my love -  
"Found in a phaser love"?

With a magical motion we dance in a dream  
Happy to be

Electron Romance  
Magnetic mating dance

You've got me floating - you've got me floating along  
Got me hoping - really got me towing a line  
You've got me hopping - really got me singing a song  
You've got me hopping - got me bopping  
I won't [be] stopping till you go

Humming like a dynamo  
Baby you're a dynamo  
See it on the video  
Everything you want to know  
Well you don't need to fear no leader

You don't need it now  
Because we're all part - a fantastic heart  
Of a great big you somehow  
When you've got love the stars  
Above all shine for you right now

With a magical motion we dance in a dream  
Happy to be  
Happy to be  
Laser licks like lighting love  
And a phaser flicks in a phaser flood  
And you see my love  
How can you be me love -  
Found in a phaser flood?

With a magical motion we dance in a dream  
Happy to be
