With one breath  
With one flow  
You will know  
Synchronicity

A sleep trance  
A dream dance  
A shared romance  
Synchronicity

A connecting principle  
Linked to the invisible  
Almost imperceptible  
Something inexpressible

Science insusceptible  
Logic so inflexible  
Causally connectible  
Nothing is invincible

If we share  
This nightmare  
We can dream  
Spiritus mundi

If you act  
As you think  
The missing link  
Synchronicity

A connecting principle  
Linked to the invisible  
Almost imperceptible  
Something inexpressible

Science insusceptible  
Logic so inflexible  
Causally connectible  
Nothing is invincible

We know you  
They know me

Extrasensory  
Synchronicity

A star fall  
A phone call  
It joins all  
Synchronicity

A connecting principle  
Linked to the invisible  
Almost imperceptible  
Something inexpressible

Science insusceptible  
Logic so inflexible  
Causally connectible  
Nothing is invincible

It's so deep  
It's so wide  
You're inside  
Synchronicity

Effect without a cause  
Sub-atomic laws  
Scientific big pause  
Synchronicity

Synchronicity  
Synchronicity  
Synchronicity
