"Perfect Plan"

I have given my life in service to your plan
I have given everything to make you understand
I compromised even when I was ashamed
I didn't know I'd have to
Give up everything

I don't care about your
I don't understand
I am not a part of your perfect plan
I am not a pawn to play the parts that you assign
I am not a part of your perfect plan

Politics is always a game of give and take
But you don't have to live with choices that you make
Your words reveal the motivations in your heart
You have gotten used to
Serving your own needs

I can not change a mind made up
I need to find someone like me
