Hanging out some  
Underneath European sun  
Hanging out under your thumb  
Under it, second to none

Well, I don't mind about taking it slow  
I'm perfectly aware of what I'm yet to know  
Mutually assumed, utterly consumed  
Totally adored, Eleanor, Eleanor  
Eleanor, Eleanor

Oh, take it in your stride but don't string me along  
I wouldn't tie you down but if you did do me wrong  
Thoroughly unnerved, equally perturbed  
Totally adored, Eleanor, Eleanor  
Eleanor, Eleanor

Eleanor, Eleanor  
Eleanor, Eleanor
