I let it go
Didn't I say so?
Yeah you should know,
It's no thanks to you though
When I come up (?)
But you don't really get it
It freaks you out
Only 'cause you let it

Well the dumb industry blokes (or birds?), spread
shirts, firm punks (???)
The raga-rich boys making poor boys noise
The living dead ain't down on luck
Don't pretend you don't give a fuck

'Cause we're happening
We're happening
We're happening

Here, come sit down
But I don't wanna bore you
We don't hang out
Maybe we should do
When I go out,
I keep my mouth shut
I'm ...
Everyone is cool but

I studied here two years ago,
But you know all the guys I know
.... and inches deep
And that is why I always think (?)

We are happening
We are happening
We are happening

Who are you, what do you do
Oh yeah, I like doing nothing too
All your friend like The Gang Of Four
No Nun or man've never heard 'em before

But We are happening
We are happening
We are happening

We are happening
We are happening
We are happening

We are happening
We are happening
