How do I know you won't hurt me?
What makes me so different?

I spent my whole life just wonderin' around
Lost in love until I was found by
You
And I thank you, you showed me
What
Life is all about
You've turned my whole life around
Changed all that I do, it's all because of you

(You)
I threw away my players card
(You)
I put my girl before my card
(You)
I believe that I can reach the stars
(It's all because of you)
'Cause I knew you're there

(You)
I swear I'll never fool around
(You)
Won't hang out all night trying to clown
(You)
Right now I wanna settle down
(It's all because of you)
Baby, baby

Lovin' you is such a beautiful thing
Got me thinkin' 'bout coppin' you that ring
Your such a queen and you
You've given my life new meaning, it's like a dream
How could this be, someone like you for me?
I've never felt more complete than I do when I'm with
you

(You)
I threw away my players card
(You)
I put my girl before my card

(You)
I believe that I can reach the stars
(It's all because of you)
All because of you

(You)
I swear I'll never fool around
(You)
Won't hang out late night trying to clown
(You)
Right now I wanna settle down
(It's all because of you)
'Cause of you

I promise a day won't go by
That I won't say that I
That I love you
(Love you, need you)
That I need you baby
There's nothin' that I won't do to please you
(Nothing, nothing)
Girl, you've changed me
(Changed me)
I just wanna make you happy
(Oh it's you)

(You)
I threw away my players card
(You)
I put my girl before my card
(You)
I believe that I can reach the stars
(It's all because of you)
All because of you, because of you, because of you

(You)
I swear I'll never fool around
(You)
Won't hang out all night trying to clown
(You)
Right now I wanna settle down
(It's all because of you)
Because of you

Everything that I am
(Everything)
Everything that I'll ever be
(All)
Is all because of you
(All because of you)
All because of you

(All because of you)
All because of you
(All because of you)
All because of you

All because of you
(All because of you)
All because of you
(All because of you)
It's all because of you
(All because of you)
(Oh baby)
Oh lady

All because of you
(All because of you)
It's all because of you
(All because of you)
All because of you
(All because of you)
(I love you)
