I still love you babe (and I'm never gonna change baby)
I'm still for you girl
I'll never leave you baby
nahhhhhh

"cause I realize I need you in my life
Girl it just ain't right
What was said last night
"cause I know we didn't mean it
You feel the love is gone
"cause we don't get along
But I can prove you wrong girl
I swearrrrrrr

REFRAIN

"cause everytime I close my eyes I see you
And how I wanna live my life is with you
There is no one
You're all I need and all I want
The only one I'll ever love

CHORUS 2

I still love you babe ('cause without you there's no me)
I'm still for you girl (even though we disagree)
I'll never leave you baby (I'll never leave you baby)
"cause I realize I need you in my life
And this relationship has been alot of time
Now it would be wrong if everything was always fine
Girl I know we've had our shares of ups and downs
But it doesn't mean that we can't work this out
Oh Baby girl I carrrrrrrrrrre yeah(you know I do)
"cause everytime I close my eyes I see you (i see you)
And how I wanna live my life is with you (ohhhhh)
There is no one (else)
You're all I need and all I want
The only one I'll ever love

CHORUS

Girl I know I need you baby
"cause everytime I close my eyes I see you (you know I
see u girl)
And how I wanna live my life is with you (with you
ohhhhhh u know I do)
There is no one else
You're all I want and all I need
The only one I'll ever love

CHORUS (3 times and fades)
Next 9 7 y'all
