Rockabye baby and it don't stop
When the shirts fall, the pants will drop
Down will come bouncers, panties and all
It's on, it's on, its on

Yo, huh, this is R.L.
What we tryin' to do right now is figure out
Who the freak of the industry is
And we feel like next got the flex
But Adina, we gotta take the reins

You know what I'm saying?
So what we about to do is put it all on the line
You get yours and I'mma get mine
Yo Next, Adina, sup?

You can't handle what I'm 'bout to give you a next
experience
(Ah, go 'head daddy)
(I'm all about it but Adina Howard can sleep)
I just wanna touch and clutch and feel you put some
whip appeal in it
(Go 'head daddy)
(Go 'head mommy)

Boy, peep this freak in me
Testing out this feather weight
Who can't handle this heavy weight
Some talking, I'll just perpetrate

I got what you need
Come and get a load of me
I'll make it hurt like baby birth
When it's on girl, I put it work

Even when I'm gone we can flex
You call me collect
We can have phone sex 'cause
(Cause what?)
You can't handle it, no, no, no

You can't handle what I'm 'bout to give you

A next experience
(Ah, go 'head daddy)
(I'm all about it but Adina Howard can sleep)
I just wanna touch and clutch and feel you
Put some whip appeal in it
(Go 'head daddy)
(Go 'head mommy)

Between my thuggin' I'm butta lovin'
Hips bumpin', lips like she just finished licking
something
She say ya take beat just to peep a freak stunting
Bowl mamma's doing tricks like the Globetrotters
Politicking while I blow scama's

Uh huh, I'm rippin', rappin' dough dotters
Giving strow rhythm 'cause his flow proper
And like it rough like some more vodka
Know she freaked out but can't knock her

And I can be a freak until the day, until the dawn
Baby, don't front when it's time to bring the bomb
I'll make ya feel it in your tummy
Word is bond, I'll have ya walkin' funny

Talk is cheap just give me a beep
We can peep, boy, you'll get freak
Tell ya what baby, beep, let's come next week
I'll make ya reach your peak, yeah

You can't handle what I'm 'bout to give you a next
experience
(Ah, go 'head daddy)
(I'm all about it but Adina Howard can sleep)
I just wanna touch and clutch and feel you put some
whip appeal in it
(Go 'head daddy)
(Go 'head mommy)

You can't handle what I'm 'bout to give you a next
experience
(Ah, go 'head daddy)
(I'm all about it but Adina Howard can sleep)
I just wanna touch and clutch and feel you put some
whip appeal in it
(Go 'head daddy)
(Go 'head mommy)

Nasty, my type like it
Since it's Adina, yo, I might bite it
Mad excited, pop the G to peep inside it

Let and divide it

Don't play the road way
So watch Rat while we four play
And pour more Alezay
Now your neck, make ya crack let
Could sweat all day

Stuff the Garcia with dar tree
The guard see while our positions harshly
I throw it in you to the end boo
Knees to chest, and next is next to flex

You can't handle what I'm 'bout to give you a next
experience
(Ah, go 'head daddy)
(I'm all about it but Adina Howard can sleep)
I just wanna touch and clutch and feel you put some
whip appeal in it
(Go 'head daddy)
(Go 'head mommy)

You can't handle what I'm 'bout to give you a next
experience
(Ah, go 'head daddy)
(I'm all about it but Adina Howard can sleep)
I just wanna touch and clutch and feel you put some
whip appeal in it
(Go 'head daddy)
(Go 'head mommy)

You can't handle what I'm 'bout to give you a next
experience
(Ah, go 'head daddy)
(I'm all about it but Adina Howard can sleep)
I just wanna touch and clutch and feel you put some
whip appeal in it
(Go 'head daddy)
(Go 'head mommy)
