Remember when the first day, when I met you
I looked in your eyes that's when I truly knew
Could not say a thing, 'cause I felt the same
I didn't even know your name but I had already claimed

You were so nexcellent, magnificent, so eloquent
You must have been heaven sent
You were so marvelous, so damn mysterious
Got me delirious, make me wanna get serious

So turn off the lights, oh

'Cause right then I knew it was on
I knew it was on
'Cause when we kiss
Oh, it was on, it was on, it was on

We fell so deep in love
We fell in love with one kiss
And when we touched
Baby, baby

Oh, we were makin' love
Makin' love, makin' love
Until the break of dawn
We fell in love with one kiss

We fell in love with one kiss
We fell in love with just one kiss

So meaningful, so sexual
And my heart, soul, love is fire
Can't wait to get you home
Yeah, you know it's on, the love is strong
And when we kiss, I gotta say, I'm lovin' it

Girl, you're beautiful
And you remind me of a diamond, the way you shine

You know that I wanna make you mine
So come home with me for eternity
Forever be in L O V E

So turn off the lights, Nextasy

'Cause right then I knew it was on
I knew it was on
'Cause when we kiss
Oh, it was on, it was on, it was on

We fell so deep in love
We fell in love with one kiss
And when we touched

We were makin' love
Until the break of dawn
We fell in love with one kiss
We fell in love with one kiss

We fell in love with one kiss
We fell in love with just one kiss

Now that we're alone
I wanna kiss those sexy lips, girl
Now that you're right here
I wanna see you kissin' me everywhere

Let's turn off the lights
Let's set the mood
For kissin' all night
I love to kiss you

I think, I love you, yes, I do, baby
I think, I L O V E Y O U
Forever, together, I'll kiss you
Oh, I think, I love you

I think, I love you
I think, I love you
I think, I love you
I think, I L O V E Y O U

I think, I love you
I think, I love you

I think, I love you
I think, I love you
I think, I love you
I think, I L O V E Y O U
Said that I know, I love you

I think, I love you
I think, I love you
I think, I love you
I think, I L O V E Y O U

Girl I think
I think, I love you
Two thousand watts, nextasy
We fell in love with just one kiss
