Watching you walk out the door  
I think I've seen it all before  
But this times different, this times not the same

All those memories of us are gone  
How could all of this be wrong  
This times different, you won't be back again

Those whirlwind loves they fade so fast  
I hope this one was meant to last  
Maybe, just maybe, maybe, baby

We can't leave love in the sun like that  
Our heart may die it's a matter of fact that it's up to us  
to remember these words, baby

We can't keep the heartbreak trapped inside  
We gotta let it go to keep our love alive  
Maybe, we will remember these words for better or  
worse

If we could only go back in time  
Maybe we could see the reason why  
This times different, this times not the same

All those hurtful things you shouldn't have said  
Why can't we just forgive and forget  
I'm thinking this times different, you won't be back  
again

Those whirlwind loves they fade so fast

Please make this meant to last  
Maybe, just maybe, maybe, baby

We can't leave love in the sun like that  
Our heart may die it's a matter of fact that it's a matter  
of fact that it's up to us to remember these words, baby

We can't keep the heartbreak trapped inside  
We gotta let it go to keep our love alive  
Maybe, we will remember these words for better or

worse

The moment you were gone I had to feel your touch  
You already broke my heart well isn't it enough  
Baby, please

Solo

Those whirlwind they fade so fast  
Please let this be meant to last  
Maybe, just maybe, maybe, baby

We can't leave love in the sun like that  
Our heart may die it's a matter of fact that it's up to us  
to remember these words, baby

We can't keep the heart break trapped inside  
We gotta let it go to keep our love alive  
Maybe, we will remember these words for better or  
worse

For better or worse  
We will remember these words for better or worse
