

Theory of a Dead Man "Head Above Water"

Visit "[Head Above Water](#)" on MotoLyrics.com

Did you ever picture your life like this
No shooting star to grant your wish
Are you everything you hoped you'd be
I got somewhere in between
You dropped your miracle down a wishing well
And pray for luck to cast it's spell
To bring you closer to your dreams
That always seem just out of reach

You pray to god, don't know when
But you feel the current pull you in
Try to keep your head above water
Cause it's never been harder
Even when it feels hopeless
You're gonna get through this
Head above water, gotta fight from going under
Even when it feels useless to wish
You're gonna get through this

Have you ever felt like giving in
Tried for hours but just can't win
Tell yourself you're not good enough
The struggle alone is just too much
No one's there to hear you scream

You gasp for air but cannot breathe
Did you ever think you'd see the day
When you'd watch your life get washed away

You pray to god, don't know when
But you feel the current pull you in
Try to keep your head above water
Cause it's never been harder
Even when it feels hopeless
You're gonna get through this
Head above water, gotta fight from going under
Even when it feels useless to wish
You're gonna get through this

Did it ever hurt so bad
That the thought of feeling lost would never end
Well you will think again

Try to keep your head above water
Cause it's never been harder
When it feels hopeless
You're gonna get through this
Head above water, gotta fight from going under
Even when it feels useless to wish
You're gonna get through this
