I should have know these walls would cave in  
Should have never left my heart there on the line  
Cause when the shit hit the fan  
All we ever had ended up lost in the fire  
And now nothing safe  
Nothings caged  
Watching in vane  
Cause I'm standing in the eye of the storm  
And everything known is blowing away

I'm caught in a hurricane  
I'm leaving here dead or alive  
And I know that I be willing to feel the pain  
If it got me to the other side  
Cause I know it hurts  
Oh, hurricane  
I can see it hurts  
Oh, hurricane

Remember how we were  
We really were  
before this disaster came and tour us apart  
It was the two of us  
That was enough  
The two of us  
So in love  
Til the wind blew high  
The love had died and lightning striked  
And now we are standing in the eye of the storm  
And everythings gone  
Nothing remains

I'm caught in a hurricane

I'm leaving here dead or alive  
And I know that I be willing to feel the pain  
If it got me to the other side  
Cause I know it hurts  
Oh, hurricane  
I can see it hurts  
Oh, hurricane

I never thought it would end

I'll never understand

How we thought it'd end

Like this

I'm caught in a hurricane

I'm leaving here dead or alive

And I know that I be willing to feel the pain

If it got me to the other side

Cause I know it hurts

Oh, hurricane

I can see it hurts

Oh, hurricane

hurts

Oh, hurrican

hurts

Oh, hurricane

hurts

Oh, hurricane
