I know that everything's alright, when she's with me
tonight
Me and my girl, we're the modern day Bonnie and
Clyde
Oh it's just the two of us
Sitting around we like to talk about
Getting married one day
Kids runnin' around
But I never knew, it pains me to see
That all this time I've been sleeping with the enemy

It was me and my girl
(It was me and my girl)
It was me and my girl
(It was me and my girl)

Now things are all fucked up
Instead of kissing her lips I wanna staple them shut
Me and my girl are done 'cause nobody tried
Oh it's just the two of us
Sitting around we like to fight about
All these things, we could've done without
Now I know, and it pains me to see
That all this time I've been sleeping with the enemy

It was me and my girl
(It was me and my girl)
It was just me and my girl
(It was just me and my girl)
Now I know, now I see
All this time I've been sleeping with the enemy

It was me and my girl

The more that we struggle
The harder it seems
Fix what was broken
And live out our dreams

Was just the two of us
Just me and my girl
Was the two of us

Just the two of us
And that's the way it was
Just me and my girl
Now it ain't the two of us
The two of us
Now it ain't the two of us

It was me and my girl
(It was me and my girl)
It was just me and my girl
(It was just me and my girl)
Now I know, now I see
All this time I've been sleeping with the enemy
It was me and my girl
It wasn't meant to be
And that's the way it was
