That evil woman with the wicked smile
She just knocked me on my ass
She says I ain't the fool you're falling for
Oh why did I even ask?
Just when I think she's said it all
Well she's saved the best for last
She rolls her eyes with a smile
Swears she's never coming back

Stop running away from me
Because you only have yourself to blame for
everything
So stop running away for a change
'Cause I know if I don't try to stop you now, you'll just go
and do it again

Oh I think she's had enough
She just put me in the past
She holds her head up high
And says I would never last
That lady loves to lead me on
And she's done her job so well
Yeah, she saved the best for last

Made life a living hell

Stop running away from me
Because you only have yourself to blame for
everything
So stop running away for a change
'Cause I know if I don't try to stop you now, you'll just go
and do it again

Stop running away from me
Because you only have yourself to blame for
everything
So stop running away for a change
'Cause I know if I don't try to stop you now, you'll just go
and do it again
Just do it again

Stop running away from me

Because you only have yourself to blame for
everything
So stop running away for a change
'Cause I know if I don't try to stop you now, you'll just go
and do it again
