You lie about you, and you lie about me  
You lie about your ex's and the STDs,  
You grew up rich in the Florida Keys  
You lie about everything  
You lie about a baby being on the way  
You lie to yourself if you think I'll stay  
It's just a big game I don't wanna play  
You lie about everything

You think you'll get everything you want  
But you ain't gonna get it from me

The truth is,  
It was all pretend  
All along I've been sleeping with your best friend  
The truth is,  
I really hate your face  
You were never all that hot in the first place  
Stuttered in bed just like youre givin head  
You've gone and got me thinking I'd be better off dead  
The truth is  
You're f\*\*kin useless

The truth is  
I lied about everything

You lie to your folks, say everythings fine  
What you don't know, rents 2 months behind  
Tell all your friends that we have a great time  
You lie about everything  
You lie when you said your t\*ts are real  
They're about as fake as the way we feel  
You're so full of sh\*t how can I deal  
You lie about everything

I don't think we stand a chance

Watch the things you can't take back

The truth is,  
It was all pretend  
All along I've been sleeping with your best friend

The truth is,  
I really hate your face  
You were never all that hot in the first place  
Stuttered in bed just like youre givin head  
You've gone and got me thinking I'd be better off dead  
The truth is  
You're f\*\*kin useless

The truth is  
I lied about everything

\*solo\*

You lied about you and I lied about me  
Now that you know I'm finally free  
One last thing I'll say thats true  
I lied when I said "I'm in love with you"

The truth is,  
It was all pretend  
All along I've been sleeping with your best friend  
The truth is,  
I really hate your face  
You were never all that hot in the first place  
Your ass is fat and you ain't that smart  
Everytime you talk you got me falling apart  
The truth is  
You're f\*\*kin useless

The truth is  
I lied about everything (I lied about everything)  
(I lied I lied you lied you lie you lie)
