Come along with me
Make no excuse
Come, come, come
Come along with me
So pack your bags
'Cause I am
Packing tonight
And if I do maybe I'll see you
Or maybe I won't take this anymore

And it's
Da do do do do do do do do
Da do do do do do
Da do do do do do do do do
Da do do do do do

Maybe I'm underneath the sheets again
And I'm afraid to come out now

Come belong to me
And don't refuse
Come, come, come
Come belong to me
Unpacking your bags
'Cause I am
Packing tonight
And if I do
Maybe I'll have you
Or maybe I won't fake this anymore

Come along
'Cause you know you want to
Just come along
