I came for you (8x)

Princess cards she sends me
With her regards
Oh, bar - roomeyes shine vacancy
To see her you gotta look hard

Wonded deep in battle
I stand stuffed
Like some soldier undaunted
To her Cheshire smile

I'll stand on file
She's all I ever wanted
You let your blues walls
Get in the way of these facts, honey

Get your carpet baggers off my back
Girl give me time to cover my tracks
Here's is your mirror
And your ball and jacks

But the're not what I came for
Oh I came for so much more
And I know you know that too
And I know you know that's true

I came for you(3x)
for you
I came for you(4x)
for you
I came for you

I came for you(3x)
for you
I came for you(4x)
for you
I came for you
