Pa ra pa pa ya, pa pa ra pa pa ya  
Ra pa ra pa pa ya, pa pa, life is always new  
Pa ra pa pa ya, pa pa ra pa pa ya  
Ra pa ra pa pa ya, pa pa

There's another chance, you can turn it on  
Let it show if you are ready, ready all night long  
Time to work it hard, so delirious  
Feel the energy moving like the rest of us  
Heart up beating fast, your adrenaline  
Pumping through your veins, sweat is dripping down  
your skin  
Time to let it go, time to feel alive  
You know what to do, ready up come on now guy  
So good, so bad, too late to analyze  
I know, you know, you got me hypnotized  
Do this, do that, it comes so naturally

Pa ra pa pa ya, pa pa ra pa pa ya  
Ra pa ra pa pa ya, pa pa, life is always new  
Pa ra pa pa ya, pa pa ra pa pa ya  
Ra pa ra pa pa ya, pa pa

Life is always new, everytime that I'm with you  
Don't know how you do what you do, life is always new  
Life is always new, everytime that I'm with you  
Don't know how you do what you do

Pa ra pa pa ya, pa pa ra pa pa ya  
Ra pa ra pa pa ya, pa pa, life is always new  
Pa ra pa pa ya, pa pa ra pa pa ya  
Ra pa ra pa pa ya, pa pa, life is always new

Life is always new, everytime that I'm with you  
Don't know how you do what you do, life is always new  
Life is always new, everytime that I'm with you  
Don't know how you do what you do, life is always new

You walked in the room, electricity  
I just can't refuse, looking so you look at me  
You're the cutest thing that I've ever seen

Let's communicate, I guess you know what I mean  
So good, so bad, too late to analyze  
I know, you know, you got me hypnotized  
Do this, do that, it comes so naturally

Pa ra pa pa ya, pa pa ra pa pa ya  
Ra pa ra pa pa ya, pa pa, life is always new  
Pa ra pa pa ya, pa pa ra pa pa ya  
Ra pa ra pa pa ya, pa pa, life is always new

Life is always new, everytime that I'm with you  
Don't know how you do what you do, life is always new  
Life is always new, everytime that I'm with you  
Don't know how you do what you do, life is always new.
