There's no one to believe in, out there on your own  
It's a life without meaning, left outside alone  
Someday somewhere someone will care  
Your heart, one try, you can fly so high  
Everything will be alright cause I can feel your love  
tonight  
Tears may fall and worlds collide, if you will give me  
love tonight  
Everything's gonna change, I can tell by the voice  
inside  
Everything will be alright cause I can feel your love  
tonight  
Do you know what it feels like to leave it all behing  
Maybe what you were missing is not what you will find  
Someday somewhere someone will care  
Your heart, one try, you can fly so high  
Everything will be alright cause I can feel your love  
tonight

Tears may fall and worlds collide, if you will give me  
love tonight  
Everything's gonna change, I can tell by the voice  
inside  
Everything will be alright cause I can feel your love  
tonight  
Everything's gonna change, I can tell by the voice  
inside  
Everything will be alright cause I can feel your love  
tonight  
Everything will be alright cause I can feel your love  
tonight  
Tears may fall and worlds collide, if you will give me  
love tonight  
Everything's gonna change, I can tell by the voice  
inside  
Everything will be alright cause I can feel your love  
tonight  
Tonight, ohh, tonight, ohh, tonight, ohh, tonight, ohh
