i dont need to apologize for who i am  
i dont need to apologize for what i do

i comin out tonight  
im breaking through tonight  
and the world couldnt stop me  
no matter what they say im gonna live my life

on top of the world  
say it with me  
im on the top of the world  
get what you see  
dominique and i be on top

so come on up  
so come on up  
so come on up

im on the top of the world  
are you with me?  
don't stop for the world  
come and get me

on top of the world  
are you with me?  
you only got one life  
so live it on top.

I'm on top

Feeling alive tonight  
its how i live my life  
and the whole damn world couldn't stop me  
no matter what they think im gonna live my life

on top of the world  
say it with me  
im on the top of the world  
breakin thru its up to you  
and i chose on top

so come on up

so come on up  
so come on up

im on the top of the world  
are you with me?  
don't stop for the world  
come and get me

on top of the world  
are you with me?  
you only got one life  
so live it on top.

I'm on top

I don't need to apologize for who I am  
or what I do  
Live my life to the fullest  
top of the world  
how bout you?

Push aside what people say  
Don't hold back to live your life  
on top of the world too...

im on the top of the world  
are you with me?  
don't stop for the world  
come and get me

on top of the world  
are you with me?  
you only got one life  
so live it on top.

I'm on top
