Remember when I was a little girl
Mama, she told me that I'd fall in love
Ain't no better feeling in the world
And you'd know it when you'd find the one

It kept me wondering now I'm grown
With a heartbreak history
Will I ever know what mama told?
'Cuz love to me is still a mystery

And they say that love [every kiss will feel like the first
kiss]
And they say that love [it's everything you had in your
first kiss]]
Oh they say that love [you're surely gonna know when
it's real]
So I wanna know just how it feels

To be loved
To be loved
Oh what a feeling
When everything falls into place

I see that couple their everyday
Holding hands lost in a kiss
I sure hope that when I'm old and grey
I would have found a love like this

And they say that love [every kiss will feel like the first
kiss]
And they say that love [it's everything you had in your
first wish]
Oh they say that love [you're surely gonna know when
it's real]
So I wanna know just how it feels

To be loved

To be loved
Oh what a feeling
When everything falls into place

To be loved
To be truly, truly loved
Oh what a feeling
When everything falls into place yeah

Remember when I was a little girl? [little girl]
Mama she told me that I'd fall in love [fall in love]
yeah, yeah
yeah

Oh, she told me one of these days I'm gonna wake up
smiling
One of these days I'd leave my tears behind me
I can finally say this is it, this is real
I'd finally know just how it feels

To be loved
To be loved
Oh what a feeling
When everything falls into place

To be loved
To be loved
Oh what a feeling
When everything falls into place
