Jenny Jenny don't be like this  
I'm sure nobody meant anything bad  
Yeah....., yeah well  
I'm not qualified to talk about that

Jenny honey I'm not saying you're wrong  
But you shouldn't trust people like that  
You're right he deserves to be tortured  
And it looks looks like we're having a Jennifer Meltdown  
A Jennifer Meltdown

Jenny would you just count to ten  
Hey! I didn't do nothin'  
Happy thoughts!, Jenny, Happy thoughts!  
Maybe I should maybe come back later

Jenny honey look at what this means  
You are on the side of the angels  
You're right he should be dismembered  
And it looks looks like we're having a Jennifer Meltdown  
A Jennifer Meltdown

Don't you know that if you keep it up  
There's a point where the equation shifts  
I don't know how many pounds or miles  
At some point you become the bad one

Hell hath no fury or so they say  
Because it's all in her today  
Wow, are those really his eyeballs ?  
It looks looks like we're having a Jennifer Meltdown  
A Jennifer Meltdown  
A Jennifer Meltdown
