I been trying a couple ideas  
I gotta decide real soon  
What I do when I will grow up  
I think I'll go to the moon

Bus driver or a space man  
What sounds the best to you  
I'll have a special rocket  
That's what I want to do

I wanna be a space man  
ooh I wanna fly round and round and round  
I wanna be a space man  
Just lite my fuse and I will fly away

But if there's too many space men  
I could zoom around right here  
I could be a shiny race car  
Speeding fast in the highest gear

I wanna be a race car  
ooh I wanna fly round and round and round  
I wanna be a race car  
Just start my motor and I will fly away

Maybe the world needs pretty pictures

Color photos of beaches and trees  
A little kiss from a happy stamp licker  
I'll visit all their friends and families

I wanna be a post card  
ooh I wanna fly round and round and round  
I wanna be a post card  
Signed XOX and I will fly away

It kinda seems that we need more angels  
Looking down from Heaven above  
I'll be in charge of your intuition  
With a mission of protection and love

I wanna be an angel

ooh I wanna fly round and round and round  
I wanna be an angel  
Just ring my bell and I will fly away

I want to fly away  
I want to fly away  
I want to fly away
