We don't got nothing  
If we don't got lovin  
That's how its supposed to be  
Cuz I want you close to me  
Aha, im be better off if youre close to me  
Girl and Ill  
You can be my baby  
even when its crazy  
I am never gonna leave  
Cuz I want you close to me  
Aha, im be better off if youre close to me  
Girl and Ill

Yo, Whyd you have me build that brideg to your heart  
If youre gonna burn it up  
It only work to make the mistakes when you goin learn  
from em  
I tried to show you that some changes could be  
permanent  
And told you that I loved you from jump  
But now them hurdles is impossible to walk around  
And you've been searching through my phone like it's a  
lost and found  
You seeing women that I know then wanna talk about it  
Every five minutes you been arguing and walking out  
You call my mama house and even hit my manager  
Its getting hard to handle you when everything is  
scandal and  
You Looking in the mattress for evidence of spending  
any second with another  
Accusing me so much, you make me wish I would've  
done it  
And after what my mother did to keep you in the  
country  
And to help you get your papers and your visa from the  
government  
You've been on some other s---.  
I know I should be done wit it  
But I could never leave you cuz I love you  
I put up with it, boo

We don't got nothing

If we don't got lovin  
That's how its supposed to be  
Cuz I want you close to me  
Aha, im be better off if youre close to me  
Girl and III  
You can be my baby  
even when its crazy  
I am never gonna leave  
Cuz I want you close to me  
Aha, im be better off if youre close to me  
Girl and III

Now you don't need no gentleman who has to pull your  
chair out

You want a man thatll scratch and pull your hair out  
And all my exes, they aint never been like you  
Baby, you are the exception to the rule  
And, yeah, we kept it cool through the deepest mess  
We could pretend  
But now you leavin and your weepin like youre grievin  
to death  
And youre the only one I ever shared achievements  
with  
You aint the woman of my dreams and I aint sleepin  
again  
I swear, I need you here and I hope that you see it clear  
Got a shallow understanding of most of my deepest  
fears  
I never thought that you the one who would be  
scrambling  
Cuz, running from family and running my family  
But uh, nothing I had in life been half is right  
And now you showed your true colors  
I can see it plain as black and white  
No shaded grey to make mistakes, I made a sacrifice  
Hungry for your love, now quench my appetite  
so come on

We don't got nothing  
If we don't got lovin  
That's how its supposed to be  
Cuz I want you close to me  
Aha, im be better off if youre close to me  
Girl and III  
You can be my baby  
even when its crazy  
I am never gonna leave  
Cuz I want you close to me  
Aha, im be better off if youre close to me  
Girl and III

We don't got nothing  
If we don't got lovin  
That's how its supposed to be  
Cuz I want you close to me  
Aha, im be better off if youre close to me  
Girl and III  
You can be my baby  
even when its crazy  
I am never gonna leave  
Cuz I want you close to me  
Aha, im be better off if youre close to me  
Girl and III
