I wake up in the bitch crib
Fuck everybody you were the only one there
The only one there who cared
Bitches got no remorse .. close the door
Cause my manipulation hardly , emotion 4
The only one I trust is lust and I am never satisfied
Cause nowadays is not enough I am done
I fuck with .. she found that Tv show I rhyme
Like she was on oxygen I wish she wasn't breathing
I thought I love her but fuck it that's my ,
I got .. and a video I sell before you see me broke
You know I am vicious I am evicting and I am spiteful
What you got .. like a ,better I do than voodoo
Provide you some voodoo .. I will be sticking ..
No compares with me I am the best
.. I confess I am stressed
While you are obsessin with some strippers
We will be .. some , try to buy some ..
I am a blessing I am a blessing
I am a mother fucker blessing
If I die before my time you know that kid a living legend
You say I am angry but I am just happy
And I talk a lot of shit
Cause shit talking make me happy
And I am living like I am Castro
You are swimming in Miami
If you got a problem with me
Tell you bitch to .. at me
I am so .. I don't crack a smile
.. I never trusted a kid who .. suck you in
If you are the king I am the chief
You can keep the throne I take the dirt
Some trouble shit plus the dirt is closer to my roots
And the rock is .. just shut .. they are smoking your ass
In love for the money .. with a tan .. gets bang
