feat B.O.B & Leo

I'm looking at the trouble I'm facing  
Facing the crowd while I'm staying on the stage  
And the stages I go to in this game are outrageous  
And the rules ain't fair but still I play it  
And that the race that I'm racing it's amazing I ain't  
fading  
The sun turned me from a grape to a â€¦  
And folks telling me I made it  
Please, I ain't made shit, â€¦  
And ever since I got up in this game  
I've been saying to myself one day I'ma change it  
Cause the planes in the heights got you chasing  
â€¦ got you locked up in cages  
â€¦ American dream, one day they'll gonna barely be  
sleeping  
And the I tell fuck cause you can barely see it  
Stay tuned and I'ma take you to see it

I know, someday I will find it all  
But I won't apologize, I won't tell no lies  
Don't go, someday I'm gonna need you  
But I won't apologize oh no, tell no lies, oh no

Tell em, tell them this  
Say that nothing worth having is easy  
And nothing that I work hard for that they make me  
want more  
I ain't satisfied, even on the top floor  
I'm addicted to living a life that I can't afford  
Working in the store with clothes that â€¦  
Opening and closing it, open it get it over with it  
And every morning my Shorty waking hung-over which  
is funny  
Cause this champagne lifestyle is sobering  
I know to run a little late, I'm hyperventilating and  
waiting for the day that I penetrate  
Like a virgin, working in â€¦ let you in the â€¦, they  
don't look you in the face

I'm broken straight, the walls have been closing in  
So much that I ain't nodes, a vixen that nodeses  
I'm lying to my friends, I told them my phone is dead  
Trying to hold my head, but know when I'm gonna win

I know, someday I will find it all  
But I won't apologize, I won't tell no lies  
Don't go, someday I'm gonna need you  
But I won't apologize oh no, tell no lies, oh no

Another phone call to my mother looking for help  
â€¦ only â€¦, I only think to myself  
Manager paid my rent, my money been looking stealth  
But on the outside it's looking like something else  
So I can't back track to fall in line  
And I'm waiting passed out for too much â€¦  
And ain't a cat â€¦ can act all fine  
Fuck the game, cats stags, some cats all lie  
Labels wanna monopoly, and the rest that is shopping  
me  
So they copy me, sold my intellectual property  
I gotta breathe I'm worried I'm losing steam  
I gotta sleep I'm worried I'll lose the dream  
So what's the next move to â€¦ success food  
It's something I'll be taking to grave like my friend Sue  
The clothes only make the man if they dress you  
I'll be captain if I'd let you

I know, someday I will find it all  
But I won't apologize, I won't tell no lies  
Don't go, someday I'm gonna need you  
But I won't apologize oh no, tell no lies, oh no
